NorthWorks NEWS!

2011 Worksite Flu Shots - - - Are You Ready?

This year at NorthWorks we're kicking off plans for the worksite flu clinic program earlier this year. Please click [here](#). If you haven't done so before, please consider offering flu shots at your site; it's convenient and very easy to set up! We thank those of you who have already contacted us for your ideal date; we're ready and eager to add more flu shot clinics to our service calendar. Contact us ASAP to reserve your flu clinic date!

NorthWorks Announces Chaska Clinic Move

NorthWorks Occupational Health is pleased to announce a move to new and expanded space (7,000 square feet) at 1580 White Oak Drive, Chaska on **May 16**, 2011! Just one mile south of new Highway 212 via Highway 41/ Chestnut Street, the new clinic is right next door to the Chaska Fire Station on Engler Boulevard. This new location offers ample parking and easy first floor clinic access. Patients can walk right in from the street to be seen for work related injuries, DOT exams, OSHA testing, firefighter exams, drug testing and many other services. The staff includes board certified occupational medicine physicians and specialty trained nurses and medical assistants.

In addition to in-clinic services at multiple sites in the Twin Cities area, NorthWorks has a specialized division for providing occupational health services at employer worksites. For a snapshot of NorthWorks' services, please click [here](#) or browse our website www.northworksmn.com. For more information, call us!
